TOWNSHIP OFFICIALS

SOLICITOR SCACCHITTI: Not Present

SUPERVISORS:

Solar Panel Project - Gentry Rouse with PIVOT energy discussed some of the key points in regards to the lease. Paula Noto expressed her concern in regards to the location of the panels and her home. She is concerned about the noise and appearance of the panels. Gentry assured her that they would be screening for noise and would grow trees to cover the site of the panels. Angelika Mercado asked if this is a private project and Gentry confirmed that it is and that the town will get a lease payment yearly. Donna Urbaniak discussed the best long term use for the greenspace. Her concern is that the solar project will decrease home values, will be hard to dispose of the panels once the project is complete or if the project goes bankrupt. Gentry assured the township and the residents that they have implemented a decommissioning bond. There will be no batteries at this point involved in the panels. The noise will be around 45 DBA and will sound like wrestling of leaves from 10:00 am – 4:00 pm. Gentry also discussed that the township has 100% control of the setbacks and approval for where the panels will go. The lease will be recorded and filed in Lackawanna County.

Police Contract – The Township is exploring different avenues for police contracts.
