PUBLIC COMMENTS (Name, address/4 minute limit)

Ed Johnson relayed a story about a bear citing by some kids in Sunset Trailer Park last Friday – he called the Game Commission and they came on Saturday, but the bear was gone – doesn't know what happened to the bear.

Jackie Gaetano thanks Supervisor Wells regarding an incident at the pavilion last weekend. Someone drug the port o lav down Ransom Road – he was able to get a license plate and is looking into the incident. He also commented that the Township is looking to have security cameras installed due to the ongoing vandalism in that area – Chairman Bird commented that just one arrest of a person or persons committing these acts of vandalism might deter others.

Lou Borgia asked about cell towers – he wanted to know who made the initial inquiry – was it the supervisors or an company – Chairman Bird said that it was the supervisors who reached out to the cell companies, but found no interest in this type of project from the companies.

Lenay Blackwell inquired into the status of the condemned property on Main Street – she was advised by Chairman Bird and Solicitor Scacchitti that some progress has been made, and another inspection will be taking place shortly to assess the progress and perhaps John Henry would be given additional time. Chairman Bird said that the process required to get the property classified as “blighted” is a very long and arduous procedure and that local townships do not usually get involved in those types of matter. Attorney Scacchitti stated that in this case, the township became involved due to the property posing a health hazard to its residents/neighbors

Having no further business or comments, Supervisor Wells made a motion to adjourn, 2nd by Chairman Bird, all in favor, meeting adjourned at 6:17

Respectfully submitted:

Pat Myers
Secretary
